

KSG joint cutter type 450-II

- compact – robust - user friendly
- central towing attachment
- large ball-bearing wheels

The small compact design even allows a transport in a car boot!

- Infinite setting of cutting depth via trapezoidal spindle
- Easy cutting wheel exchange without having to dismantle the cutting guard
- Exchange and tensioning of the V-belt with little effort
- Low water consumption thanks to central water supply
- Central loading lug
- Water supply from 10 litre water tank. External water connection is possible via quick coupler.
