** optional

The Operator`s place highlights

The Climatic-Comfort-Seat providing the support needed to work fatigue-proof

- **individual adjustment** to every operator by means of stepless and fully automatic weight adjustment up to 150 kg
- **manifold adjustments possible:**
 - inclination of armrests and back rest
 - height and inclination of head cushion
 - depth of seat cushion, seat inclination
 - relief of operator`s back by means of pneumatic lumbar support
- **max. comfort:**
 - seat heating and hard-wearing, breathable textile cover
 - shock-absorbing through horizontal seat damping and adjustable vertical oscillation damping
 - seat climate conditioning in three levels of intensity: ventilation/heating*
 - ideal ergonomics through console-mounted Joysticks swinging together with the seat

Master the machine with the right Joysticks

- pleasant grip through ergonomic design of the SENNEBOGEN Joysticks
- precise control of all movements through direct and sensitive function activation
- quick access to all operating controls through optimized design of all push-buttons and switches

Safety begins when entering the cab

- convenient and safe access to the cab via broad and stable platform with handrail
- **comfortable sliding-door:**
 - locks in open position
 - ergonomic handle in protective shell-type handle, easy to open and close
 - large door-opening for convenient access to the cab

Options for max. safety, e.g.:

- bulletproof glass
- various protective guards depending on application and industry
