Technical Specifications: H 8

Technical Equipment:

- Cutting disc diameter:**
 - 840 mm
- Cutting disc width:**
 - 35 mm
- Number of blades:**
 - 2 Stück
- Infeed opening:**
 - 355 mm x 250 mm
- Infeed table / Hopper:**
 - 1300 mm x 900 mm
- Material processing:**
 - bis ca. 240 mm
- Weight mobile:**
 - 2250 kg
- Weight power take-off unit:**
 - 1050 kg
- Versions:**
 - Drive via tractor unit at p = 50 kW (1000 rpm)
 - Drive via Hatz diesel engine at P = 47.0 kW
- Basic device (power take-off unit):**
 - Spreading flap adjustable
 - Infeed roll
 - Safety bracket for infeed control
 - Hydraulic infeed control
 - Large infeed hopper
 - Cutting disc with 2 knives
- Basic device (mobile):**
 - Shredder housing
 - Basic frame for axle attachment
 - Ejection pipe can be rotated by 270°
 - Stiff chipper attachment
 - Tandem undercarriage
 - Operating hours counter
 - Electrical start-up
 - Battery
 - Safety bracket
 - Emergency stop
 - Lighting acc. to STVO
 - Traction device
 - Support wheel,
 - Cutting disc with 2 knives
