FOUR SEASONS, ONE HOLDER

You have the entire portfolio of attachments for year round use at your disposal. Whether sweeping, mowing, suction extraction or clearing, the L 560 is the perfect vehicle for all purposes. The attachments can be changed easily, without tools and safely by a single person. Load-dependent power take-offs with adjustable rotational speeds ensure an enormously high degree of effectiveness with their direct power transmission from the motor to the attachments.

FOR ECONOMIC EFFICIENCY THROUGHOUT THE YEAR

STANDARD HOLDER ADVANTAGES

Versatility

Articulated-frame steering

Real four-wheel drive

Wheel load balance

Four wheels of equal size

THE MANOEUVRABLE LOADER

With its short front end, the deep-drawn bonnet and the especially narrow total width, the Holder L 560 is not only extremely manoeuvrable; it also offers the best overview for all work.

However, as with all Holder vehicles, the focus here is also on the driver. The comfortable operator's cab with its wide perspective provides an ergonomic workplace that's not missing anything.
