Mini Sizer

Mini Sizer Compact Screener

The McCloskey Mini Sizer is a unique and compact solution for high quality screening when on-site space and transport options are at a minimum. With a high processing capability the Mini Sizer is an efficient and cost effective screener.

"The Mini Sizer is the best machine we've bought in a long time. It's ideal as we have little space, and the Mini Sizer is compact and produces great clean soil, reducing our costs."
