

The New 4-Wheel Class

TUCHEL-TRAC[®]
QUATTRO

The All-Rounder:
Very stable 4-wheel
steer technology,
unique in its weight
category!

TUCHEL[®]
MASCHINENBAU GmbH

A class of its own.

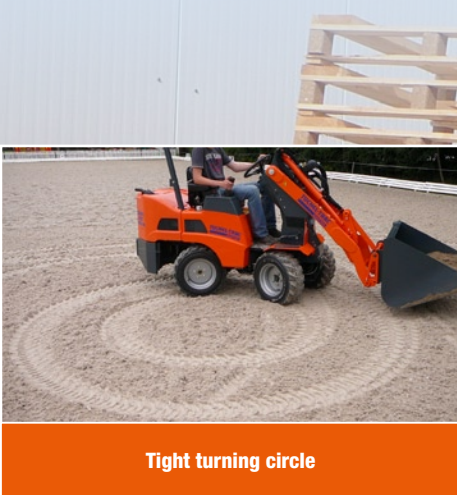

A small machine for large jobs.

The **QUATTRO**[®] is the ideal machine for areas where larger machines are impractical, could cause too much damage or are too costly to operate. With this small, powerful, manoeuvrable and fast machine you can manage all jobs efficiently and economically. It fits through most doorways and can be used in many narrow access situations like gardens, pig or poultry sheds, stables and horse boxes.

- **non-articulated 4-wheel steering**
- **Highly stable**
- **All the power of a larger machine without the size limitations**
- **Easy to maintain**
