# **R70** High Energy Screener

The McCloskey R70 delivers the versatile, heavy duty configuration expected of the R-series, packaged in a machine that is economical and very easy to transport. A perfect fit for contractors that tackle large numbers of smaller construction/ demolition, site remediation and other heavy duty jobs.

## Features & Benefits

### High Energy 4' x 9' (1.22m x 2.75m)

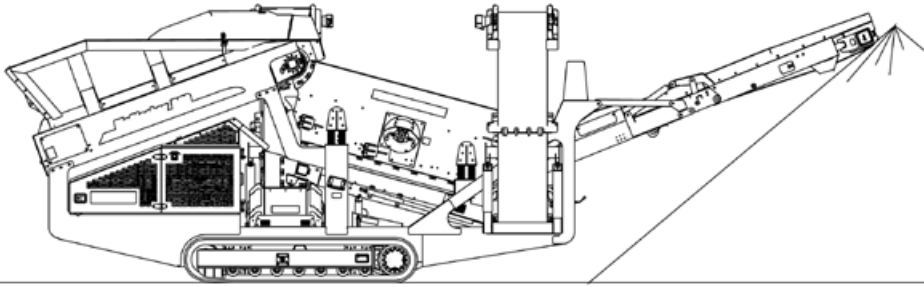

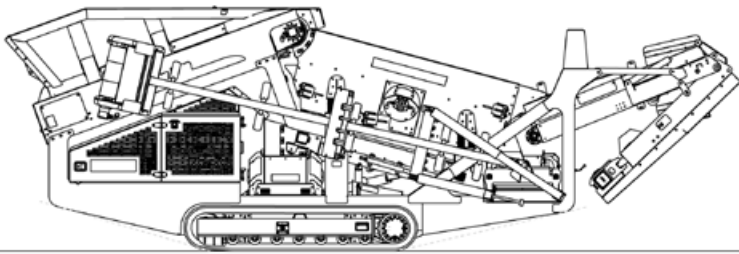

**Screenbox –**  
10mm throw at 950RPM provides the most aggressive screening action in the R70's class.

**Oversize Conveyor –**  
Discharging oversize material at 11'-1" (3.38m) the 42" (1050mm) wide 3 ply belt allows for efficient stockpiling.

**5.5 Cubic Yard (4.2 m3) Hopper –**  
Equipped with a 48" (1200mm) heavy duty 4 ply belt designed for heavy duty applications.

**Large Open Engine Bay –**  
Allows easy access for service. Powered by 84hp Tier III JCB.
