

**TECHNICAL SPECIFICATION**

Applications                      Trailer / Tractor  
 Description                      TR 135 is best suitable for soil tillage and spraying applications. Some sizes and versions are also suitable for excavators, trailers and harvesters. Traction, self-cleaning properties and stability are key features which make the TR 135 tire the ideal partner even on the most difficult ground conditions.

**Pattern Name**                **TR 135**  
 Version                            STANDARD  
 Type                                TT  
 Tire Size                         14.00 - 38  
 LI/SS                              131 A6  
 PR                                 8

Dimensions (U/M International standard)  
 Section Width (mm)            345  
 Overall Diameter (mm)        1565  
 Static Loaded Radius (mm)    735  
 Rolling Circumference (mm)   4832  
 SRI                                 750  
 Rim Rec                         W 12  
 Rim Alt                            W 11

**LOAD CAPACITY TABLE (kg)**

km/h / bar	<b>2.00</b>
30	1950

\* Tolerances: Overall Diameter ± 2% | Section Width ± 2% | Rolling Circumference ± 2.5%
